Developed .Net Web Services and Service Oriented Enterprise Applications integrating with distributed clients via a WAN.

GMAC RFC, Bracknell

Role: Senior .Net Developer

Website: www.gmacrfc.co.uk

Start Date: 11-2003 **End Date:** 10-2004

Skills Used: .NET Framework, ADO.NET, ASP.NET, C#, COM+, CruiseControl.net, CSS, FlexWiki, HTML, HTTP, Javascript, Microsoft SQL Server 2000, Microsoft Windows Server 2000, MsBuild, MSMQ, NDoc, NUnit, OO Design, Service Oriented Architecture, SOAP, SQL, UML, Visual Studio.Net 2003, Web Services, WSDL, XML, XML Spy 2004, XML Spy 2004

Achievements: Developed within a large .Net development team under high pressure to tight deadlines. Developed C# .Net Web Services and Service Oriented Enterprise Applications for backend financial systems integration. Integrated multiple new and existing systems utilising MSMQ, Web Services, Windows Services. Managed automated build process for 12 C# applications utilising Nant, CruiseControl.net, MsBuild , NUnit and CM Synergy. Introduced and implemented department wide web based documentation system based on FlexWiki.

ThenUk, Wokingham

Role: Senior .Net Developer

Website: www.then-uk.com

Start Date: 2002-09 **End Date:** 2003-11

Skills Used: .NET Framework, ADO.NET, ASP.NET, C#, COM+, CSS, HTML, HTTP, Javascript, Microsoft SQL Server 2000, Microsoft Windows Server 2000, Nant, NUnit, OO Design, SOAP, SQL, UML, Visual Studio.Net 2003, Web Services, WSDL, XML, XML Spy 2004

Achievements: Architected and developed N-Tier Web Services based distributed application using SOAP, C#, VB.NET, Sql Server 2000. Providing design and development expertise on OO web user control based skinnable UI, C# business and webservice layers, C# data abstraction

layer. Developed Sql Server 2000 stored procedures using custom object orientated DAL templating methods. Specified, developed, tested and supported multi-language .Net Windows Forms application interfacing to ASP/VB application. Developed, modified, supported marketing resource management system used by over 1500 users at Dell. Consulted onsite at Dell Europe developing Dell Extranet Application using ASP.NET admin backend. Deployed formal source control (VSS), formal bug tracking system, and developer documentation for entire development team at Volume/ThenUK. Developed load testing and automated testing scripts for corporate web applications.

RAC, Feltham

Role: Senior Developer

Website: www.rac.co.uk

Start Date: 06-2001 **End Date:** 03-2002

Skills Used: .NET Framework, ADO.NET, Apache, ASP, ASP.NET, C#, CSS, HTML, HTTP, Java, Java Servlets, Javascript, JSP, Microsoft SQL Server, Microsoft Windows Server 2000, Oracle, SQL, Tomcat, Visual Studio.Net, XML

Achievements: Specified, developed, tested and supported reporting and management tools for advertising engine using ASP.NET, ASP and Oracle. Specified, developed and load tested custom advertising engine using Java and Oracle. Developed www.rac.co.uk website pages and functionality. Developed the myRAC personalisation service.

Electronic Arts, Chertsey

Role: ASP Developer

Website: www.ea.com

Start Date: 02-2000 **End Date:** 03-2001

Skills Used: ASP, COM, Javascript, Microsoft Sql Server 7, Microsoft Windows 2000 Server, Microsoft Windows NT4, SAFileup, SQL, VbScript, Visual Basic 6, Visual Interdev, VisualASP, XML

Achievements: Specified, developed, tested and implemented secure, multi-site, multi-language extranet website providing online database of forthcoming releases, game demos, graphics. Site contains over 20,000 files to download supporting 28 countries in five languages. Key territories covered include UK, Spain, Portugal, Brazil, Sweden, Norway, France. Responsible for the specification and development of the HTML, ASP, COM middle tier and SQL 7 Database.

Sparza Ecommerce, Dialog Corporation

Role: ASP Developer

Website: www.venda.com/

Start Date: 11-1999 **End Date:** 01-2000

Skills Used: ADO, ASP, IIS4, Microsoft Sql Server 7, Microsoft Windows 2000 Server, Microsoft Windows NT4, SQL, VbScript, Visual Interdev

Achievements: Developed and modified asp ecommerce engine used for catalog based inter-company purchasing: <http://www.officeshopper.com> * Developed using Visual Interdev, ASP, IIS4, SQL 7, VbScript, ADO on NT4 and WIN 2000 platforms.

Internet Applications Group, Twickenham

Role: ASP Developer

Website: www.intapps.com

Start Date: 7-1999 **End Date:** 10-1999

Skills Used: ADO, ASP, IIS4, Javascript, Microsoft Sql Server 7, Microsoft Windows NT4, VbScript, Visual Interdev

Achievements: Developed and modified multi-language web-based recruitment system for Manpower Europe. Created ASP and SQL Server 7 based application forms compatible with Netscape and IE browsers. Load/stability tested IIS using Microsoft Web Stress Testing Tool.

Reuters, London

Role: ASP Developer

Website: www.reuters.com

Start Date: 6-1999 **End Date:** 7-1999

Skills Used: Access 87, ASP, HTML, IIS4, Javascript, Microsoft Windows NT4, VbScript, Visual Interdev

Achievements: Designed and developed database driven intranet site for purchasing department.

Mars Confectionery, Slough

Role: ASP/VB Developer

Website: www.mars.com

Start Date: 05-1996 **End Date:** 06-1999

Skills Used: VB6, VB5, VB4, Oracle 7.3, ASP, IIS4, VbScript, ADO, Ms Access, SQL,

Achievements: Specified and developed a Visual Basic 6 and ASP front end to an Oracle 7.3 database. Created over 40 forms integrating 3 previous systems. Defined and produced html help files and documentation for Y2K conversions. Converted/Redeveloped 10 Access and Paradox databases to year 2000 compliant Access 97 format. Designed, developed and supported a multi site sales forecasting and project planning system. Presented training to regional staff onsite in France, Holland, Germany.

Education History

University of Southampton

Qualifications: B.Eng. (Hons) in Mechanical Engineering 2(II)

Start Date: 9-1989 **End Date:** 7-1992

The Henley College, Henley-on-Thames

Qualifications: A Levels in Maths (A), Further Maths (B), Physics (B)

Start Date: 1987 **End Date:** 1989

Altwood Church of England School, Maidenhead

Qualifications: O Levels in 11 subjects including Maths, English Language, English Literature

Start Date: 1982 **End Date:** 1987

Additional Information
